

November 22, 2010

Ms. Miranda,

I would like to take a moment to tell you how pleased we have been with the exterior neon sign your company made for us.

We have been in business in Baton Rouge since 1974. Your sign was erected when we constructed our new building in 1976. It was slightly more expensive than the other sign companies my father received quotes on , but he chose to use your company to do the work for us. He knew Thomson Sign had been around for a long time and quality was very important to him. Like he used to always say (he passed in 2005) "You get what you pay for".

Over the past 34+ years, our sign has been through multiple hurricanes, 1 tornado/twister (that I know of) and last but not least our "normal every day to day typical down south weather" and it is still standing strong. Never once has it been repainted or serviced over the past 34+ years. In fact., most of the original bulbs still work.

Kudo's to your company. It is nice to know that there are still people who pride their business with a quality product.

Tammy Brown
