**Subject:** St. George Sign

Donovan:

Your guys worked hard to rehabilitate our sign at St. George. It was all completed late last week. Must say, they did a great job. The sign looks better today than it has ever looked. It has bright and crisp lighting and looks just great. The new "Oak Tree" is also very nice and exactly what we were looking for.

Thanks to your crew for doing a great job. We are extremely pleased with your work.
